Upon closing of the Rights Offering, MCAN issued 1,306,467 Common Shares at a price of \$15.65 per Common Share for aggregate gross proceeds of \$20.4 million. Pursuant to the terms of the Rights Offering, each eligible shareholder was entitled to subscribe for one Common Share for every 20 rights (the "Rights") held by such shareholder.

The Rights were halted from trading on the Toronto Stock Exchange as of 12:00 p.m. (Toronto time) on the Expiry Date.

MCAN intends to use all of the proceeds less offering expenses to fund the Company's mortgage lending and investment business.

"We are very pleased with our capital raise, the first since 2015. The capital raise reflects our commitment to growth, in line with our risk appetite," said Karen Weaver, President and Chief Executive Officer. "It also demonstrates continued strong support from our existing shareholders. We are focused on sustainable growth, reliable dividends and increasing return on equity."

Details of the Rights Offering were set out in a Notice and Circular, which are available under the Company's profile on SEDAR at www.sedar.com.

The Common Shares issuable upon exercise of the Rights have not been, and will not be, registered under the United States Securities Act of 1933, as amended, and accordingly, the Rights and the Common Shares were not being publicly offered for sale in the "United States" or to "U.S. persons" (as such terms are defined in Regulation S under the United States Securities Act of 1933, as amended). This press release does not constitute an offer to sell or the solicitation of an offer to buy the securities in any jurisdiction. There shall be no sale of the securities in any jurisdiction in which an offer to sell, a solicitation of an offer to buy or a sale would be unlawful.

MCAN is a public company listed on the Toronto Stock Exchange under the symbol MKP and is a reporting issuer in all provinces and territories in Canada. MCAN also qualifies as a mortgage investment corporation ("MIC") under the Income Tax Act (Canada) (the "Tax Act").

The Company's primary objective is to generate a reliable stream of income by investing in a diversified portfolio of Canadian mortgages, including single family residential, residential construction, non-residential construction and commercial loans, as well as other types of securities, loans and real estate investments. MCAN employs leverage by issuing term deposits that are eligible for Canada Deposit Insurance Corporation deposit insurance and are sourced through a network of independent financial agents. We manage our capital and asset balances based on the regulations and limits of both the Tax Act and OSFI.

As a MIC, we are entitled to deduct the dividends that we pay to shareholders from our taxable income. Regular dividends are treated as interest income to shareholders for income tax purposes. We are also able to pay capital gains dividends, which would be treated as capital gains to shareholders for income tax purposes. Dividends paid to foreign investors may be subject to withholding taxes. To meet the MIC criteria, 67% of our non-consolidated assets measured on a tax basis are required to be held in cash or cash equivalents and residential mortgages.

MCAN's wholly-owned subsidiary, XMC Mortgage Corporation, is an originator of single family residential mortgage products across Canada.
