MCAN is a public company listed on the Toronto Stock Exchange under the symbol MKP and is a reporting issuer in all provinces and territories in Canada. MCAN also qualifies as a mortgage investment corporation ("MIC") under the Income Tax Act (Canada) (the "Tax Act").

The Company's primary objective is to generate a reliable stream of income by investing in a diversified portfolio of Canadian mortgages, including residential, residential construction, non-residential construction and commercial loans, as well as other types of securities, loans and real estate investments. MCAN employs leverage by issuing term deposits that are eligible for Canada Deposit Insurance Corporation deposit insurance that are sourced through a network of independent financial agents. We manage our capital and asset balances based on the regulations and limits of both the Tax Act and the Office of the Superintendent of Financial Institutions Canada ("OSFI").

As a MIC, we are entitled to deduct the dividends that we pay to shareholders from our taxable income. Regular dividends are treated as interest income to shareholders for income tax purposes. We are also able to pay capital gains dividends, which would be treated as capital gains to shareholders for income tax purposes. Dividends paid to foreign investors may be subject to withholding taxes. To meet the MIC criteria, 67% of our non-consolidated assets measured on a tax basis are required to be held in cash or cash equivalents and residential mortgages.

Our MCAN Home division operates through MCAN's wholly owned subsidiary, XMC Mortgage Corporation, which has legally changed its name effective April 1, 2022, to MCAN Home Mortgage Corporation.
